HILL'S 50 GREAT BARGAINS FOR 1914

HILL PAYS THE FREIGHT

35 Mail Packages, 14 Freight Packages, Sent Prepaid

D. HILL, Pres.

All collections on this sheet prepaid to destination. Safe arrival guaranteed to all points in United States

"Give every customer more than he expects" has been my motto for 58 years. All those years of experiment, careful study and hard work have helped me to build a reputation for quality, which in turn has helped develop the largest business of its kind in America. Cheap trees, grown by hit-or-miss methods can be purchased for much less, very much less, but the buyer generally finds that they would be dear even as a gift. Not being well-rooted, they can't get much nutriment out of the soil and as a consequence are exceedingly slow-growing, and often die. You take no chances whatever when you buy my Evergreens.

These collections not only save you money, they will actually make you money. My guarantee goes with every tree leaving my nurseries and all stock is warranted true to name and scientifically grown to produce heavy, fibrous roots and symmetrical tops—being genuine Hill-grown trees.

I prepay charges on everything offered on this sheet. (No other Evergreen growers dare make an offer like this.) I know my trees just as a good stock raiser knows his stock. We are the only extensive growers in America and this one line has our undivided time, attention and study. The prices are as low as they can possibly be made and be consistent with quality. Therefore, we cannot change or divide these collections. Remember, I pay the freight.

Sincerely yours,

D. HILL, Pres.
D. HILL NURSERY CO.
